

Mariaserena Nocivelli – Member of the Board of Directors

With a degree in foreign languages and a Master in corporate finance awarded at SDA Bocconi University, she built experience as translator (Italian, English, French and Spanish) of economic, financial, banking and legal texts. Her career path continued as Marketing Manager inside a media agency.

Since 2007 she has covered the role of Lifelong Director of Fondazione Angelo Nocivelli, an organization that aims to promote scientific research in the field of childhood genetic diseases, with particular focus on diagnosis and early treatment.

In 2013 Mariaserena Nocivelli became President of the Board of Directors of Costan until the company merged with Epta in 2016.

Since 2004 she has been a member of the Board of Directors of Epta and is actively involved in the Remuneration Committee.
